

COOLIDGE ACTS TO CANCEL OIL LEASES

STATE COMMANDER WILL BE GUEST OF FOREIGN WAR VETS

Francis Cook Will Address
Salem Veterans Next
Saturday Night.

OTHER SPEAKERS WILL BE PRESENT

Past National Commander
Woodside And Akron
Man Coming.

Francis J. Cook, commander of the
Department of Ohio, Veterans of For-
eign Wars of the United States and
chief advocate of the national organ-
ization is to be the main speaker at a
smoker to be given by Allen Rey-
nolds post, V. F. W., at the post
rooms at 8 p. m. Saturday to which
all overseas ex-service men are in-
vited.

Commander Cook, a resident of
Cleveland, travels over the state,
and also over the country visiting
posts that are making progress. He
served overseas, and will relate a
striking inside story on some expe-
riences over there.

In addition to the address by Com-
mander Cook, Past National Com-
mander Robert G. Woodside, Pitts-
burgh, a member of the national organization
of the veterans, will make a short talk.
J. C. Taylor, Akron, the third col-
lecting to be at the smoker, will outline
the work of the Veterans of Foreign
Wars in Michigan where he has been
for some time.

Post Commander Charles Davidson
and his committee have been work-
ing on this program for several
weeks. It will be one of the biggest
get-together meetings for overseas
soldiers that Salem has ever had.

In preparation for a large crowd a
special committee has been appointed
to care for visiting ex-service men
who will come from surrounding
towns, and also for the large Salem
turnout that is expected.

It is probable that all questions of
national interest among veterans
will be taken up by Past Com-
mander Woodside. As a member of
the national house committee, he is
in touch with all national questions
of soldier interest that are being
pressed by congressmen in Washing-
ton.

The meeting, members of the Sa-
lem post hope, will bring to light a
dearer conception of the ex-soldier's
needs and ideals for the future.

siastic and predicts a successful per-
formance that will be a credit to the
Kiwani club, which is back of the
project.

All those taking part are express-
ing themselves as more than pleas-
antly surprised with the catchy and
tuneful music and the ease with
which they are learning their parts.
There will be a special chorus of
young ladies in addition to the regu-
lar chorus. Their number, "Looking
for a Girl" with Franz and Katrina,
will be one of the hits of the even-
ing.

There will be another rehearsal this
evening at the Elks home and a full

GIRL CALLED YELLOW ROBS STORE, REPENTS

Taunted By Boy "Shiek," Ohio Girl Passes Store After
Store Before Her Courage Prompted Holdup.

Cleveland, Jan. 28.—Because the
boy sheik, with whom she had lived
for less than a week told her she
was "yellow" and didn't dare to stage
a holdup, Anna J. Kearns, 20, pretty
Murray City (O.) girl, is in city
prison today on a charge of robbery,
she told police.

She is charged with having held
up Richard Wagner, a clerk in a
drug store at Lexington ave. and East
70th st., Thursday night at the point
of a gun. Fifty dollars in cash was
the loot.

However, it was her conscience,
which immediately led her arrest.
Between sobs she told police how she
had wandered along the street, after
her boy "sheik" had delivered his
taunt, passing store after store, be-
fore she had the nerve to stage the
holdup.

Finally, her "courage" screwed to
the sticking point, she acted. But she
was not satisfied.

Saturday, during the height of the
blizzard which swept the city, she

left the flat where she lived with her
new-found friend, and called up the
clerk. He told her he was busy and
to call again. She was taken into
custody on her second attempt and
yesterday broke down and told all
about it.

She said she came from Murray
City, where she "had a good moth-
er," was married and lived a week or
two with her husband. However, she
grew suspicious of his means of gain-
ing a livelihood and left him. A week
ago today she met the "sheik."

"Come live with me and your trou-
bles are over," he told her at a pic-
ture show, and she assented. A day
or two later he tried to start her out
as a bandit. She at first refused.
Then came the dreaded taunt "yel-
low," and she succumbed.

"I've a good old mother down at
Murray City," the girl declared, but
I won't tell her name. Kearns is the
name of the man I married, and its
the name I'll go to prison under if
they send me up."

rocked by the force of the explosion.
A number of persons were tossed
from their beds.

WHISKEY CARTED AWAY BY BANDITS

Gang Of 20 To 30 Bandits
Load Two Trucks; U. S.
Agents Are Drunk.

Hammond, Ind., Jan. 28.—A gang of
between 20 and 30 bandits early today
loaded two automobile trucks with
whisky at the warehouse of the Ham-
mond Distilling company and sped
away.

Police of Illinois and Indiana and
prohibition agents started in pursuit.
The bandits left behind an empty
truck and three United States govern-
ment agents supposed to guard the
warehouse, were drunk, according to
officers.

The liquor was valued at about
\$100,000.
The gang of bandits were in the
warehouse from midnight making
careful selection of the liquor to be
taken. Approach of daylight, it is
believed, caused the men to abandon
the empty truck without attempting
to load it.

About dawn Hammond police were
notified something queer was going
on. A squad sped to the warehouse.
An automobile and found the three
guards lying about intoxicated, they
said. The men were unable to talk,
according to police. They were order-
ed locked up by Chief Agent James
E. Browning for the northern district
of Indiana.

UNITED STATES ARE SPECTACULAR; 500,000 MOURNERS

Thousand Are Overcome By
Cold And Physical
Emotion.

Moscow, Jan. 28.—Today was a day
of national mourning in Russia for
Nicolai Lenin, late head of the soviet
government, whose body was en-
tombled here yesterday. Services
were held by local soviets in towns
and cities throughout the republic.

The funeral in Moscow was the
most impressive and most specta-
cular in the existence of this historic
city. Half a million mourners at-
tended, standing for hours in weather
30 degrees below zero.

Physicians reported that more than
1,000 persons were overcome by cold
and physical emotion.
Pilgrims are arriving from all parts
of the republic passing slowly and
with bowed heads throughout the day
before the tomb.

Throughout the night an honorary
guard of stalwart cavalymen their
uniforms thick with frost, paced
slowly back and forth before the
tomb. Powerful searchlights from
the Kremlin played over the scene.

Bonfires burned in the streets all
over the city. The authorities were
hard pressed to find accommodations
for the thousands of pilgrims and
some had to sleep in the snow around
the bonfires.

Although half frozen, their elation
over seeing the grave of the "mas-
ter" lifted them above physical suf-
fering.

Leaders of all factions united in de-
claring that the funeral was the
greatest tribute ever paid to any man
in Russia. Although ecclesiastical
services were lacking, the emotion of
the mourners mounted to religious
fervor.

County Red Cross Drive Nets \$2,900

John C. Hassler, county treasurer,
during the 1923 Red Cross drive for
communities outside of cities, will
complete his final report within the
next fortnight.

Collections from the sale of mem-
bership cards in this cause so far
total \$2,846 and a few solicitors are
to be heard from. It is considered
likely that this drive will go over
\$2,900 after all reports have been re-
ceived.

As chairman for the Harding Mem-
orial drive in Lisbon, Mr. Hassler
has received to date \$147. It is his
opinion that the contributions to this
cause from Lisbon will total about
\$250.

COOLIDGE WORKS WITH FARM BLOC ON RELIEF BILLS

Washington, Jan. 28.—The voice of
the American farmer, after calling
loud and long for a relief for his
economic ills, is about to be an-
swered by remedial measures, on the
part of both the executive and legis-
lative branches of the government.

It developed today following a
meeting of the senate agricultural
committee, which has under consid-
eration the program of President
Coolidge for relief of the wheat farm-
ers and the agricultural industry
generally, that the administration and
the congressional farm bloc are
toward a series of agree-
ments and compromise which assure
announcement of essential measures
to rehabilitate the farming interests.

STOCK SWINDLING GAME RESULTS IN M'GOWAN'S ARREST

Akron Man Is Charged With
Obtaining Goods Under
False Pretenses.

VICTIMIZED STARK COUNTY FARMERS

Inform Victims Of Change
In Goodyear Tire And
Rubber Stock.

Canton, Jan. 28.—Frank V. Mc-
Gowan, Akron, was arrested there
Monday after an investigation cover-
ing several months charged with ob-
taining goods under false pretenses
by a stock swindling game which
county officials say has muddled Stark
county farmers of at least \$10,000.

McGowan, who also used the name
of Frank V. McGowan, is said to have
victimized nearly 20 Stark and Carroll
county farmers, all of whom were
stockholders in the Goodyear Tire
& Rubber Co.

His plan, according to county offi-
cials was to call on rural stockhold-
ers and represent that he was an
agent of the company. He told the
victims that a change had been made
in the issue of stock and that a new
issue was available which paid
larger returns and which had other
attractive advantages.

He said that he was authorized to
receive the old stock and exchange it
for the new issue and the persons to
whom he explained the plan almost
without exception gave him their
stock certificates on his promise to
send them stock of the new issue.

When they failed to receive the
new stock they made complaint to
Prosecutor C. B. McClintock and in-
vestigation showed that the scheme
was a swindle. No stock of the na-
ture described by McGowan has been
issued and he was not authorized to
make representations on behalf of
the company, McClintock said.

Persons who were duped by the
scheme said their suspicions were at-
tayed by reason of the fact that Mc-
Gowan appeared so familiar with the
affairs of the rubber company and
because he had a list of the stock-
holders in their vicinity. It is not
known how he obtained the list.

The affidavit on which McGowan
was arrested was filed before Justice
A. B. Correl and charges that Mc-
Gowan obtained \$500 from George
Folk by false pretense. McGowan was
arrested by Akron police and a county
sheriff will bring him to Canton
later in the day.

Manville Mills.

An entire family—mother, father
and 11 children—was wiped out by the

The blast tore the building apart,
and several were pinned beneath the

YOUTH OVERCOME BY GAS RESCUES HIS SWEETHEART

Cleveland, Jan. 28.—Lulled into the
sleep which precedes death by gas
poisoning early today, David Lapp,
23, Midland, Pa., awakened long
enough this morning to drag his
sweetheart, Mildred Carson, who had
already lapsed into unconsciousness,
to the clear air outside the gas filled
room.

Lapp, who had been making a week
end visit at his sweetheart's home,
had planned to take an early train
this morning for Midland. His sweet-
heart elected to stay with him. A
gas grate was burning in their
living room and as the hours passed
they failed to notice that the flame
had gone out.

Roaring when he had difficulty in
getting his breath Lapp called his
sweetheart who did not answer. He
dragged her unconscious form from
the room and then collapsed.

A doctor pronounced them both out

PREDICT PASSAGE OF RESOLUTIONS

Would Stop Extraction Of
Oil From Two Great
Reserves.

Washington, Jan. 28.—The federal
government moved definitely to can-
cel the naval reserve oil leases
made by ex-Secretary of the Interior
Albert B. Fall with the Sinclair and
Doheny interests.

While the White House was taking
swift steps to appoint two nationally
known lawyers, one Republican and
one Democrat, to inaugurate a court
action to recover the leases, Senator
Thomas J. Walsh, Democrat of Mon-
tana, the senate's prime prosecutor,
submitted his resolution in the senate
directing the president to take such
action, and to stop further extraction
of oil from the great reserves at
Teapot Dome and Elk Hills.

Passage of the Walsh resolution
"before the sun goes down" was free-
ly predicted. Several hours of stormy
debate promised to precede this ac-
tion.

Names of many nationally known
attorneys were considered at the
White House over Sunday to take
charge of the government's interests
independently of the department of
justice. Among these were John W.
Davis potential candidate for the
Democratic nomination for the presi-
dency; Henry L. Stimson, Republi-

The Community Church

THERE has been much discussion in religious circles during recent years of the community church, the place it might fill and the work it might do. It has been presented as the ideal for small places, where a number of small churches might be joined in one that was large enough to be forceful and strong enough to carry forward the work, probably with better results. The community church plan has its warm supporters and its critics.

Not in a small place but in a large and important section the community church is being given a thorough trial in Columbus in the northwest section of Columbus suburbs. The First Community church was organized only a few years ago. It was not a large organization at first, but it was vigorous and industrious. It was but a short time until it was plainly shown a larger building would be needed for the church services and the organized activities associated with the church. Ground has been broken for the foundation for the new building, the cost has been underwritten by subscriptions, and with the coming summer the new building will be hurried to completion.

The community church idea in that place is being given its test under favorable conditions. The church has a large membership, is growing rapidly and members are put to work as fast as they are received. Everybody works in and for the church, every member is proud that \$200,000 was subscribed in one week to build the church. There is much of organized activity in the church, the board keeps something under way all the time, there is good music, an abundance of it at the services. It has established itself, is popular because of the good work it is doing, its usefulness is seen all about it, the field is large and the outlook full of encouragement. The community church there is a real success.

Like Your Surroundings

IN reply to the question as to whether he liked the town in which he lived, a man said, "Well you see it is this way. I do not know whether or not the people like me, nor whether I have many friends in town, but I feel friendly toward so many people that I am happy."

Isn't this, after all, the true principle for a happy life?

Much of the discord you experience, much of the distaste you have for the place in which you live is the result of your own unfriendly feeling toward so many persons in your town.

If you have something against one man and something else against another down the list, naturally you are unhappy with such thoughts.

Do not blame the town if you are dissatisfied, until you have probed your own heart and mind to discover the thing which is eating the joy out of life for you.

Unpleasant thoughts react, and you get from the world what you give in the course of a day.

If you set out to like your associates, to like the weather, to like your employers and everything around you, it will not be long before you will find it all a reality, and you will be happy.

CIVIL WAR VETS RANKS DWINDLE

Dayton Home Reports World And Spanish-American Vets In Majority.

Dayton, Jan. 28.—The blue of the Civil war veteran around the National Military home is fast giving way to the khaki of the Spanish-American and the World war fighter.

The "old soldiers" are dwindling rapidly in numbers at the home, the annual report of George H. Wood for the board of managers of the institution, showed.

"During the fiscal year 1923 the home passed a very important landmark in its history," Mr. Wood said. "Up to February, 1923 a majority of the members of the home were veterans of the Civil war, but in that month the scale turned the other way and the percentage of Civil war veterans is decreasing until today 45 per cent of the members are veterans of the war of the states and 55 per cent are veterans of the Spanish-American and World wars."

During 1923, 5,982 ex-service men were admitted to the various branch homes, of whom 692 were veterans of the Civil war and had an average age of 72. The Spanish-American and Philippine campaigns, and 4,355 from the World war according to Mr. Wood's report.

In all its branches the home now has a capacity of 10,745 domiciliary beds, 2,331 general hospital beds, 2,664 tuberculosis beds and 1,551 neuropsychiatric beds. At the various branch homes there are vacant 2,367 domiciliary beds, 969 general hospital beds, 947 tuberculosis and 260 neuropsychiatric beds.

With an average number of 13,288 persons, the total cost of operation

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get full pint—a family supply—of much better cough syrup than you could buy anywhere for three times the money. It perfectly and children love its sweet taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for prompt healing effect upon the membranes.

CANCER DEATHS INCREASE IN OHIO

Registrar Reports
5552 Deaths In 1922,
More In 1923.

Columbus, Jan. 28.—Deaths from cancer are rapidly increasing in Ohio, according to figures made public today by I. C. Plummer, state registrar of vital statistics.

Total statistics as a result of this disease which continues to baffle scientists, were 5552 in 1922. Final figures for 1923 are not available, but it is estimated that the number will be still higher, Plummer said.

As an evidence of the growth of this deadly disease, it is pointed out that the bureau of vital statistics that at the end of 1922 there were 4792 deaths in the state in 1918, in 1919 the number jumped to 4891, in 1920 to 5000, in 1921 to 5285. The rate on the basis of each 100,000 population in 1922 was 11.1 and had advanced to 12.2 in 1923.

Females are more susceptible to the disease than are males, it is disclosed. In 1922, 3204 females and 2548 males died from cancer. The rate of death is higher than that of the nation as a whole, which is given at 8.6 for each 100,000.

Of the total number of deaths in Ohio from cancer in 1922, 5401 were white, 148 colored and three of other color. The report further discloses that 606 of the victims were single, 1525 married, 1539 widowed, 60 divorced and 22 unknown.

Native-born Ohioans to the number 3210 died from the disease; 1048 in other parts of the country. In this state, 1239 were of foreign birth and 55 unknown. The oldest person falling victim to the malady was 95 years of age, and the youngest under one year. There were more deaths in October, 1922, than for any other month of the year, and fewer fatalities in June.

SALEM CHINA CO. MAKING YELLOW WARE SPECIALTY

Continued from First page

larged decorating department, this heavy ware was dropped.

One of the newest things in the china ware line is a colored glaze ware known as Yukon Yellow, sold largely in tea and breakfast sets, and a Salem product all its own. This new Salem China product has taken the buyers' fancy so strong that the demand for the ware has taxed the capacity of the plant for many months and probably will for many months in the future.

Many hundred different styles and kinds of china ware are produced in the plant that is now thoroughly modern as to equipment and product. The pottery industry is, however, one that in some ways must be carried on now as in olden days, some of the operations being through necessity hand controlled, although the introduction of machinery of various kinds has aided the speeding up of the industry.

The average piece goes through about 30 different handlings before it is finally packed for shipment. Several handlings are made before the ware is put in the kiln, and many handlings afterwards. The workers, by their continual handling of the ware, become very adept in their work, and very little is broken.

Use Oil Burners

During the past few years the Salem China Co. has improved its plant in all respects and all modern machinery to speed up production, and also to make better ware, has been installed. Two years ago a marked improvement was noted in the ware after the installation of an oil burning system for the glaze and decorating kilns.

Tank capacity was provided to hold a reserve of 80,000 gallons of fuel. About seven cars of oil are used each month to fire the kilns. This oil comes largely from the Kentucky fields, and represents the residue after gasoline, kerosene, paraffin and other oils have been extracted. By the use of the oil a cleaner and brighter glaze is secured than by the old method of coal firing by an gang of stokers.

"The impression prevails," Manager McKee states "that the location of potteries in the southeast corner of Ohio was due to some particular deposit of clay used in potteries. There is no foundation for this as none of the materials entering into the manufacture of china ware come from this part of the country."

Use English Clay

The bulk of china ware body is made of English Ball and china clays, brought to the United States as ballast in cargo steamers, and then shipped to Salem.

Let us see just what goes into a piece of china ware that sister drops while wiping the dishes, just after mother has cautioned her about

moonling while handling the family's fancy guest ware.

To the body are added finely prepared silica, known as ground flint, and feldspar, together with a Florida deposit called kaolin. This ware is molded in the clay state, and placed for several days in a bisque kiln to be fired.

It is then carefully brushed to remove sand, and then dipped in a lead and borax solution, after which it is dried in the glaze kiln, and comes out as white ware, ready for decorating.

Decorating By Hand

The decorating is done by girls largely, although there are some expert male decorators. The decorators use the hand process generally, except for the use of decalcomania transfers for the more elaborate patterns.

After the decorating process the ware is again fired in the decorating kilns, and some of the more expensive wares must be fired a second time, making four firings in all.

The output of the Salem China Co. is marketed mainly direct to dealers all over the country. Some 40 traveling salesmen go from coast to coast, most of them never being near the plant where the ware is sold, but being directed by mail.

This method insures a wide distribution of the product from the Atlantic to the Pacific, and from the

Gulf to Canada, so that in periods of depression the plant is still able to run full tilt, as orders are scattered and surer than as if the plant were depending on a certain small area or source of outlet.

No Export Business

No export business is done as the low wage scales of Germany, Great Britain and Czechoslovakia enable the foreign customer to buy at a rate lower than an American product.

A foreign manufacturer undersells the American abroad because he pays his workers much lower scales, such as 60 cents a day in Japan, \$1.50 (or billions and billions of marks—paper) in Germany, and in England \$2.50. The American potter pays his workmen \$7 to \$10 a day.

In the home market the American pottery can beat its foreign competitor because of the tariff.

Salineville Liquor Prisoner Is Jailed

On a charge of possessing liquor, Alex Finn of Salineville has been committed to the county jail in default of a fine of \$600 and costs. He was given a hearing before Mayor Wolf of Salineville, found guilty and sent to the county jail until fine and costs are paid.

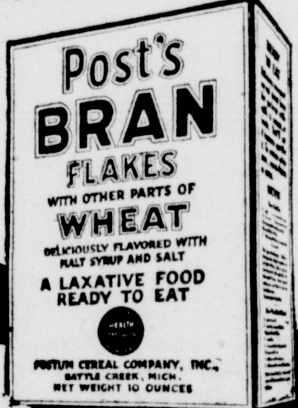

This is the first liquor case sent to the county jail from Salineville in nearly two years.

"What It Costs To Run Our Business"

"Buy Now Pay Later"

Did you ever stop to think that all our business is done on a credit basis? You use as much electricity as you want this month and pay for it next month. Every customer on our books is a charge customer.

Business men know what it costs to carry accounts. Many merchants who do a large extended payment business charge a small fee extra for this convenient service. But a public utility must count the extra expense as part of operating costs.

While you get credit from us, we have to pay cash for many commodities in order to buy at a price or to get the supplies at all. It takes a vast sum of money to swing a business on this basis. Sometimes it's all outgo and very little income.

34 BODIES TAKEN FROM MINE AFTER BLAST TRAPS 49

Nine Men Unaccounted For As Water Drives Rescuers Back.

Cresson, Pa., Jan. 28.—Nine men remained unaccounted for this morning when the rising tide of ground water in Lancashire mine No. 18 of the Barnes & Tucker Coal Co., at Shacktown, wrecked by a gas explosion Saturday, drove rescue crews from the mine and threatened to stop the air shaft fans, leaving death triumphant in the workings.

A re-check is under way by company officials to determine whether the missing men were at work when the explosion occurred.

The latest official figures show there were 9 men in the workings when the blast took place. Of these six escaped alive and the bodies of 34 others have been recovered. They lie in a morgue, established at a Starford furniture store, so badly burned and mutilated that identification is possible only by clothing and articles found in the pockets. Positive identification of only five had been made late this morning.

A probe into these circumstances surrounding the disaster was started this morning with the arrival of agents of Joseph P. Walsh, chief of the state department of mines and district mine inspectors.

Their first move was to question the fire boss who at 1 o'clock, 2 hours before the explosion, presumably reported the workings safe. Why this report failed to show an accumulation of gas, will be one of the objects of the probe.

A Tribute

The old veterans of Treseott post No. 10, G. A. R., who survive the final "roll call" of their dear old comrade, John F. Tescher, feel called upon to bear testimony to the constancy of his service as a member of the post and of his unflinching devotion to the survivors of the Civil war.

We miss his presence, his cheer, his good will and his sound judgment. In the heart of each and every comrade there is an imperishable monument to his memory.

We extend to his family and kindred our sincere sympathy, as they gaze upon the "vacant chair," but console them in the splendid, peaceful way in which he welcomed the timely translation to a higher plane of life where rest is sweet indeed and where he will, in turn, lift the curtain and welcome his comrades and his kin, as they too pass to the "Silent Shore."

COMPROMISE MAY END RAIL STRIKE

London, Jan. 28.—A settlement of the strike of railway locomotive engineers and firemen was believed imminent today upon a compromise basis.

Strike leaders conferred with the managers of the railway companies to consider the companies' offer to make individual adjustments where demands by the national wage adjustment board were held to be unfair.

The trades union congress, supported by Premier MacDonald's Labor government, is doing its utmost to bring about peace.

OBITUARY

COOLIDGE ACTS

Continued from First page
together, this would be fair to you, to Mr. Fall, the department of justice, and my associates and assistants therein.

Daugherty has been criticized on the floor of the senate "as not being above suspicion in the leases." This was said to have influenced President Coolidge not to turn the case over to the department.

Walsh's resolution together with a similar one by Representative Finis Garrett, Democrat of Tennessee, in the house, specifically charged that the leases "were executed under circumstances indicating fraud and corruption," that they were made "without authority on the part of officers purporting to act in the execution of the same," and that the leases "were in defiance of the settled policy of the government to maintain in the ground a great reserve supply of oil adequate to the needs of the navy in any emergency threatening the national security."

Coolidge Acts
There appeared little doubt that the resolution would be passed speedily by the senate and house. The principle of the measure was approved by even the staunchest administration supporters who were rejoicing today over President Coolidge's mid-night announcement Sunday that he would employ counsel to start the suits. They felt that the president had stolen much of the Democrats' thunder by acting before Walsh's resolution was presented to the senate.

Walsh charged in a formal statement that the White House announcement had been actuated by the committee's "confidential action."

Regardless of what action may be taken by the president's counsel, the senatorial committee will push deeper in the oil lands probe, it was announced.

The next meeting is scheduled for tomorrow when Fall was summoned to appear. In view of a statement today by Fall's physician that his condition "is still grave," it was thought improbable that the ex-secretary would be able to testify for several days.

If his illness should necessitate too long a delay committee members indicated they would go to his bedside to get his testimony.

COURT NEWS

Doctor's Wife, Get's Divorce

Dr. Brown Fulton, a young physician attached to the staff of the West Penn hospital, Pittsburgh, will have to pay his wife \$250 immediately and hereafter until further order of court \$50 per month, for the support of herself and her child and a divorce has been granted Mrs. Fulton, according to a decree just handed down by the court.

Fulton has an action pending in the Allegheny county courts for divorce but his wife filed her action first. She has been making her home with Mr. and Mrs. Peake, East Liverpool.

The case was one of the longest drawn out of the kind heard in the Allegheny courts. The trial lasted almost three days and over 30 witnesses were examined.

After the testimony was in, counsel filed briefs, and the court gave the ruling down an opinion.

Other Divorce Cases

Mrs. Lulu Harding of East Liverpool has been granted a degree of divorce and restored to her maiden name, Lulu Mosberg.

On grounds of wilful absence Ethel Powers of Lisbon has been granted a divorce from her husband, Claire P. Powers.

Because she alleged gross neglect of duty a decree of separation was granted Grace E. Fuestal of East Liverpool against her husband Walter H. Fuestal.

In the action filed by Leslie J. Michaels vs. Alice Michaels, the court has set temporary alimony while the action is pending.

Roy B. Hill of Salem must pay his wife \$25 weekly until the divorce action she has filed against her husband is granted.

OUR READERS

Complete Vindication

Editor of The News:
Several days ago a so-called "raid" was made in the city of Salem which resulted in the arrest of many persons, and particularly in the arrest of George Foundos, the proprietor of the Crystal restaurant and Stephen Chukalas, one of the owners of the Ohio restaurant.

The prominent headlines of your paper of Tuesday last read as follows: "Dope seized in raid." The article which followed stated that large quantities of so-called "dope" in various forms had been found and confiscated in the several places searched, and further, that the smell of dope was strong upon the second floor of the Crystal restaurant.

We are addressing this letter to you for the purpose of correcting the wrong impression under which many were laboring because of your publication.

It is common knowledge that the charges preferred against both George Foundos and Stephen Chukalas have been dismissed by the state for the reason that the state had no evidence to produce at the time that our cases were called for trial.

That a one is sufficient to establish our innocence in the community among all fair-minded persons.

It is needless to state that our friends and patrons are not surprised at the dismissal of these cases because it was common knowledge to them that there was no such thing as dope of any kind or in any form on or about our person or our places of business.

During our past three years of residence in this community we have at all times conducted ourselves as honest, industrious and law-abiding residents.

Your publication gave Mr. Chukalas some three or four aliases, as though he were a most desperate criminal with a long record, whereas in truth and in fact Mr. Chukalas has never before been arrested.

We wish at this time to publicly express our appreciation of the manner in which our friends and patrons remained loyal to us during the dark hours of our persecution.

And after our public vindication we trust that all fair-minded citizens and residents of the city of Salem will have restored in their minds the confidence which they formerly had in us and in our places of business. Thanking you for the space that you have allowed us in your valued publication, we remain,

Cordially yours,

Chorus Coming With "The Gumps" Next Friday

This is the Andy Gump chorus which has made such a hit in the theatrical world this season. It will appear in "The Gumps," merry musical success, next Friday night at the Grand theater.

THEATRES

"The Gumps"

The following concerning "The Gumps" is taken from the Youngstown indicator. The same cast will present the show at the Grand theater next Friday night.

"The Gumps," a farce comedy with music founded on the cartoons of that name by Sidney Smith, opened a three days' engagement at the Park theater Monday afternoon, offering several hours of good entertainment, equalling in many respects some of the higher class musical shows. The production is one of lavishment, combining a talented cast of principals, a heavy of well trained chorus maidens who are very easy to look at and a lot of tingling music.

The production has been divided into two acts and as many scenes. Smiles, then laughs are heard as

KONDON'S for Cold in Head, Catarrh, Dry Nose, Coughs, Sneezing, Deafness, Head Noises, Headache, Sore Throat, Influenza. KONDON'S 30 years doing good. Doctors, Dentists, Nurses recommend it. Ask for sample free.

KONDON'S Minneapolis, Minn.

"The Gumps" and their surrounding principals unravel cleverly constructed plot which deals with Andy's candidacy for the office of congressman. The story, by John Mulgrew, is interpolated with a dozen or more catchy song hits which are rendered as solo or group numbers in pleasing fashion.

"The Gumps" has proved a popular musical farce everywhere it has appeared. The scenery is richly invested, the costumes beautiful and the story carefully hatched to sustain intense interest up until the final show down. Old and young alike will enjoy this production.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Both Hi. Teams Lose To Struthers Saturday

Salem High's two basketball teams played on a foreign floor Saturday night due to the condition of the Salem gym, met defeat at the hands of Struthers' squads, the Red and Black Boys losing 22-23 while the Salem Girls team, tasting defeat for the first time this season, succumbed with a 23-22 score. A Struthers' basket spelling the word defeat in the last few minutes of play.

Seldom have there been two better games in one night. The girls game was one of those close ones that makes even the lukewarm spectator want to stand on his head with enthusiasm.

There have been a different story had Salem's other forwards been able to cage a few points while Miss Williamson was making 19 of her team's 23 points. That inability of the team to throw through the ring cost a victory that would have been a sweet one.

Miss Williamson as usual, made life miserable for her guards who were unable to stop her accurate heaves basketward. One thing was noted, that being that "Danny" is 100 per cent improved on her free throws.

Struthers' fair forwards were a little too much for the Salem guards. They were also accurate, which accounted for the score being in Struthers' favor. It was a rare game between two evenly matched teams. Salem ought to win the next time Struthers is met.

Struthers' Boys Fast
For the second straight time Salem High boys lost this time in a much better game than the previous week and in a game that was like the girls game, replete with thrills, and good basketball.

The Struthers team, however, had the jump on the Red and Black from the start. It was a case of fast footwork and fast headwork in contrast with slower movement of body and mind, and that faster playing was the cause of the victory.

With Nartick still out the forward end of the Salem team did not play fair. Time after time throws were missed that, had they been made, might have added considerably to the score.

It wasn't that Struthers was nine points better than Salem. It was a question again of accuracy and speed that Salem High has if only it could.

STOY AND D'ARCO MATCHED BY ZILL

Promoter Al Sil has lined up Rosey Stoy, the crack Lancaster (Pa.) bantamweight, with Louis De Arco, the rugged Cleveland bantam, who just sprang into prominence by being the first boy that knocked out Teddy Joyce, the crack Canadian, in four rounds at Erie, Pa. The fight will be at Rayen-Wood auditorium, Youngstown, next Friday.

Stoy, who made a big hit at the last show staged by Zill, will have his hands full with the Clevelander who is a fat footed fighter with a good sock in either hand and a boy not afraid to swap punches with any of them.

To the credit of De Arco, Jimmy Dunn the Cleveland manager thinks more of the chances of De Arco than he does his other star, Carl Tremaine and in that respect he frankly admits that he wouldn't let Tremaine box Stoy, but De Arco was more than willing and so was he, so it looks as though the young De Arco is soon to take the place of Tremaine as the best bantam in the state.

KIWANIS MINSTREL SHOW IN LEETONIA OPENS THIS WEEK

Leetonia, Jan. 28.—The home talent minstrel show sponsored by the Kiwanis club will be presented Tuesday Wednesday and Thursday night.

The minstrel will be a home product from start to finish. It has been written by E. J. Kunkel, a member of the Kiwanis club, and the entire production is under the personal direction of Mr. Kunkel and Don Hasbrouck. W. W. Williams is the musical director and the costumes and scenery are furnished by the Fraternal Producing Co. of Columbus.

The Kiwanians to appear in burnt cork are I. F. Mellinger, Dr. J. M. King, Jr., Conrad Berg, Erwood Slater, H. R. Mellinger and William A. Raykin. Superintendent of Schools E. P. Stonebreaker is the interlocutor while Don Titus, a member of the Kiwanis club, will make up the premier ends.

*Ballad singers are T. B. Cope, G. A. Feyock and Miss Gertrude Shea. Kiwanians in the chorus are C. F. Anglenyer, R. A. Cavanaugh, L. E. Fisher, R. C. Harold, Dr. G. H. Irwin, P. A. Johnson, W. Mellinger, H. F. Paisley, L. E. Redfoot, Fred Spattholt, W. G. Weikart, George J. Woods, "Uncle Walt" Berg, John Woodward and "Who So Ever Will."

There will be a beauty chorus composed of some of the best talent in town. Those who have proffered their assistance are Miss Gertrude Shea, Miss Mary Huffnagle, Miss Margaret Ryan, Miss Elizabeth Hanahan, Miss Mary Gainer, Sweeney and Miss Mary Johnson. There will also be juvenile stunts that will be pleasing as well as entertaining.

Bagdad to Aleppo by Motor Bus.
Motor omnibuses are now running regularly between Bagdad and Aleppo, although the motor road is officially unprotected. The distance between Bagdad and Aleppo, by way of Mosul, is roughly 500 miles. The buses seat eight passengers. The omnibuses run by way of Mosul and take five days, although ordinary cars traveling up the Euphrates valley take only three days. The principal desert shocks have undertaken not to molest the omnibuses in return for a lump sum down.

Fifty Years In Grange Roll Is Record Of Eight Members

Millport, Jan. 28.—Fifty years in the Pleasant Valley grange roll will be the record completed next month by George F. Copeland and wife of Millport. Six other members of the 34 charter members will also complete their 50th year as grangers.

Other surviving members of the original grange are: K. H. Gamore and Silas W. Andre of Hanoverton; Mrs. Maggie Cham, Millport; Mrs. Kate Lindesmith, Cleveland; Mrs. Anna Gaver, Salem; and Mrs. Martha Fifer, aged 94 of Dunganon.

George Copeland, first secretary of the Dunganon grange, vividly recalls its organization and first chief officials. The first meeting was held in the Thompson house near Dunganon with T. C. Lindesmith as master; Seth Coulson, overseer; William Linn, steward; Joshua Copeland, chaplain; George Copeland, secretary and Joseph Fifer, treasurer.

From memory Mr. Copeland recalls many interesting events in the grange history, its rapid growth, troubles and ventures into business. Investigations reveal that early records of the grange have been lost or destroyed.

The year following its organization, Dunganon grange purchased a building and moved to a new building where meetings were held until about 1885. In 1890 the grange was reorganized, holding meetings at homes of its members.

A new home was erected in 1893 after changing the name to Pleasant Valley grange. The grange increased from 34 to 45 members during these years. Present roster includes about 75 names. Shortly after being organized the grange launched into business, purchasing threshing machines, farm machinery, tools, crockery, boots and shoes for its members.

Twenty Years of Successful Automobile Building

January 28, Buick celebrates its twentieth birthday.

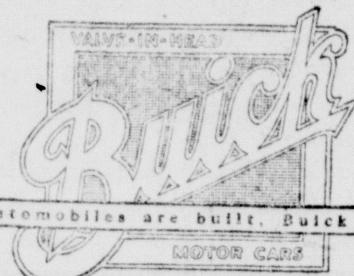

Proud as Buick is of its growth within the short space of two decades, it is not in its vast organization that Buick takes its greatest pride. Rather it is in what these attainments indicate.

Buick's position of leadership has been achieved solely by the accomplishments of Buick cars in the hands of more than a million owners. In their dependable performance, in their satisfying comfort, and in their year by year fullness of every car, and of motor, Buick cars have won the place they occupy.

From the rich background of experience—with all of its unequalled manufacturing facilities—and inspired by a deep sense of personal obligation to Buick friends, owners and the general public—Buick will seek ever to maintain on an even higher level the confidence of the public which it now enjoys.

Why Adjusted Compensation Should Be Enacted Now

The country has acknowledged its debt to the veterans and wants this debt paid.

1—The people of 20 states at general elections have voted in favor of adjusted compensation.

2—The legislatures of 23 states have petitioned congress to enact the federal adjusted compensation bill.

3—The governors of 33 states called on the president to sign the Adjusted Compensation Bill when it was before him.

4—The legislatures of 22 states have acted favorably on state legislation of a similar nature.

5—The house of representatives has passed the adjusted compensation bill three times, the last vote being 323 to 70.

6—The United States senate, through its finance committee, has approved of this bill three times, the

senate as a whole passing it once by a vote of 47 to 22.

7—The American Federation of Labor and many other organizations of large membership have endorsed the bill.

8—In addition to the American Legion, every recognized national organization of war veterans from the Civil war down has endorsed the bill and urged its enactment.

9—In the national elections of 1920 and of 1922 a majority of the candidates of all parties for national legislative offices campaigned and were elected on platforms which contained the statement that an adjustment of compensation was due the veterans and should be paid. The late President Harding, as a candidate, placed himself explicitly on record as favoring the passage of the Adjusted Compensation Bill. Candidates who declined to go thus on record in nearly every instance were defeated at the polls.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

SECURE CERTIFIED SPUD SEED; OTHER RURAL ACTIVITIES

By M. K. ZIMMERMAN
Lisbon, Jan. 28.—Two varieties of certified seed potatoes will be available to growers in this county this season, according to County Agent Clarence E. Rowland, and it has been shown by early estimates that probably 6,000 bushels will be required for the needs of the farmers.

Orders for this stock, either for certified Rural Russets must be in the not reaching until August 30 and go no later than Feb. 4, and delivery will be made of this stock not before April 15 and not later than May 15. Russets will cost this year \$1.75 per bushel delivered, and the Rural New Yorkers will be sold on a basis of \$1.45 delivered.

The annual meeting of the Milling & Supply Co., of Columbiana will be held in the basement of the Presbyterian church, Columbiana the morning of Feb. 4, at which time both cash dividend and patronage dividend checks will be distributed.

This co-operative interest did a business of \$250,000 last year, which is a considerable advance over the record for 1922 and even previous years. Following the formation of this company, two other co-operative companies were formed among the farmers of Columbiana county, one being at Kensington and the other at Homeworth.

County Agent Rowland will address the students of the class in agriculture in the Damascus High school next Friday afternoon on poultry diseases, this being the first time during the present term that Mr. Rowland has had an opportunity to go among these young people.

Should there be any people in Fairfield township who do not understand the why's and wherefore's of the County Farm Bureau, or who have any thought in mind that they think should be ironed out or explained, an opportunity will be given these folks at a meeting of the Fairfield Township Farm Bureau, scheduled to be held in the Centralized High school, Columbiana, next Friday evening.

"We want to clear up any unsettled point or phrase of Farm Bureau work," explains County Agent Rowland, "and I will be glad to answer any and all queries that may be thought of at that time."

Mr. Rowland will go direct to Columbiana from the meeting at the Damascus High school next Friday afternoon.

The board of directors of the Columbiana County Live Stock Shipping association will meet in the offices of the Farm Bureau next Thursday afternoon, at which time all township chairmen will select an executive committee from the Farm Bureau. Two new men are to be elected to this board.

"We propose to devote more attention to club work in this county this year than we ever did before. The opportunity to extend this class of work is greater now than ever, and we propose to strike while the iron is hot," explained County Agent Rowland in reviewing proposed plans for club work for the current year.

The first meeting when club work will be discussed, will be held in the Farm Bureau offices in Lisbon Tuesday morning, at which time C. C. Croy, club leader of the Ohio State university extension service will make an address before township club leaders. These clubs will include girls' canning clubs; boys' pig clubs; boys' and girls' calf club; girls' sewing club and boys' and girls' poultry club.

It is expected that at least 25 farmers from this county will go to Columbus next week to attend the Farmers' week meetings at the Ohio State university. County Agent Rowland will head the crowd.
